

## **Receptions after Funerals and Memorial Services**

In 2012, WPW accepted the responsibility for the ministry of hospitality to those who are grieving, by coordinating receptions after funerals and memorial services.

Our goal is to have receptions that are peaceful, beautiful, delicious, and lovingly prepared. In addition, we strive to make the reception especially meaningful to the family by having favorite foods or by the use of special colors, flowers, etc.

There are many ways to help with this ministry:

- Make cookies or tea sandwiches
- Fix vegetable and fruit plates
- Work the day of the reception
- Polish silver, wash dishes, help with linens

We would welcome your help with this very significant ministry of hospitality to our church family.
